

OTTUMWA INTERNATIONAL FILM FESTIVAL

CREATE

Welcome to the Ottumwa International Film Festival, a vibrant celebration of cinema held at the stunning Bridge View Center theater in late March. Over the course of two days, we will showcase an eclectic mix of short and feature films from a diverse array of categories, promising to captivate audiences with a rich tapestry of storytelling.

Our festival is dedicated to highlighting the creativity and passion of filmmakers from around the globe. We take pride in curating a program that includes thought-provoking dramas, riveting documentaries, heartwarming comedies, and groundbreaking animated films. Each screening offers a unique glimpse into different cultures, perspectives, and artistic visions.

In addition to the screenings, we will host engaging Q&A sessions with filmmakers, providing an intimate platform for attendees to delve deeper into the creative processes behind the films.

To honor the outstanding achievements in filmmaking, we will present awards in various categories, including Best Feature Film, Best Short Film, Audience Choice, and more. These accolades celebrate the innovation, talent, and dedication that drive the art of cinema forward.

Join us at the Ottumwa International Film Festival for two unforgettable days of cinematic discovery and community. Whether you're a filmmaker, a film lover, or simply curious, we invite you to immerse yourself in the magic of the movies and the spirit of storytelling.
